

Välkommen till Lawson Learning

Vi vill att inläring skall vara roligt och framför allt att våra kurser skall hjälpa dig i ditt dagliga arbete. Våra lärare arbetar med vår egen utbildningsmetod som på ett pedagogiskt sätt främjar förståelse, problemlösning och självständigt arbete.

Anmälan till våra utbildningar gör du enklast genom att kontakta Heléne Hegardt; 08- 55 52 5154, Helene.hegardt@se.lawson.com eller Sara Björck; 08- 55 52 5133, Sara.bjorck@se.lawson.com.

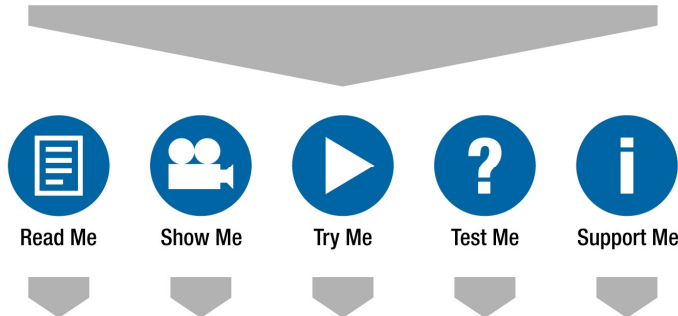

Alla våra priser gäller per deltagare (exklusive moms) och inkluderar utbildningsmaterial, lunch och kaffe. Vi reserverar oss för eventuella prisändringar. Kursbeskrivningar finner du på www.lawson.com och Lawson Learning Sweden.

Learning Accelerator – vi bygger din utbildning!

Lawson Learning erbjuder ett nytt verktyg där vi bygger exakt den utbildning som ni önskar i er verksamhet.

Vi arbetar med de roller och processer som är viktiga i ditt företag. Vi levererar utbildningsmaterial, undervisning, simuleringar och projekt stöd.

–This is an excellent opportunity for persons in your organisation to receive general training in Lawson M3 Manufacturing/ Distribution and related functionality even Finance and Commercial functionality is covered but in a more general way.

Stephen Schmidt, IT-Manager Sandvik Hardmaterials

Lawson M3 Learning Camp - Manufacturing

Den här kursen är en koncentrerad 5-dagars översikt som syftar till att ge en grundläggande förståelse av koncept och funktionalitet i Lawson M3. Kursen är designad att demonstrera relationen mellan Lawson M3s koncept och processer och de operativa beslut som driver inköp, tillverkning, distribution och ekonomiska aktiviteter. Kursen varvar teori med praktiska övningar. I ett antal scenarios får användaren lösa ett antal scenarion där M3s grundläggande funktioner används. Vi arbetar med problembaserad inläring. Kursen genomförs på svenska och materialet är på engelska.

Dag 1: Introduktion, Lawson Application Suite. Affärs- och huvudprocesser i Business Process Reference Models. Lawson M3 Workplace och Companion.

Dag 2: Processflöden: kundorder, tillverkning, inköp, distribution och rekvisition.

Dag 3: Processflöden: fortsättning. Grunddata: lagerstruktur, artiklar, produkt, produktkalkylering, prissättning, leverantörer och kunder.

Dag 4: Grunddata, fortsättning. Lösa scenarios.

Dag 5: Supply Chain Planning och ekonomistyrning.
